4. Change in Competition Zones. With the continued growth of the Marksmanship program in Pacific Region, a review of the competition zones was needed. Effective immediately, Marksmanship Competition Zones will now be aligned with the current Training Zones in Pacific Region. With this

change, each new competition zone will send their top scoring team to the stage III Provincial Competition, increasing the number of cadets that have an opportunity to participate in Marksmanship activities.

5. Cadet Registration. Corps/Squadrons that wish to participate in the Stage II - Zone competition must register their cadets using the link provided below. All cadets must register by the indicated registration deadline in para 3. Due to anticipated registration of over 350 Cadets in the Lower Mainland, cadets from this area must be registered by **9 Jan 26** to ensure enough time for logistical requirements to be made. Regional Training will register all cadets in Fortress in their competition zone. Registration instructions are contained at Annex A. JCR Patrols will be invited to competitions where space is available and logistical support is manageable.

8. Team Structure. A team consists of five (5) competitors and must have a minimum of two (2) junior competitors. A junior competitor is defined as a cadet who has not reached their 15th birthday two days after the conclusion of the National Cadet Marksmanship Championship. Even though there is no stage IV National Cadet Marksmanship Championship this year, all five RCSUs across Canada have agreed to continue to use this criterion and the cutoff date for junior competitors is 15 May 26. All other competitors are defined as open competitors.

9. Individual Competitors. If a Corps/Squadron is unable to fill a five (5) person team, up to three (3) individuals may be entered as individual competitors. Individual competitors are only allowed to be entered for Corps/Squadrons who cannot fill one full team. For example, a Corps/Squadron may not enter a five (5) person team and three (3) individuals.

10. Support Cadets. Cadets wishing to apply as a Support Cadet need to register using the Marksmanship registration form as per the above instructions.

Only one (1) adult coach or (1) cadet coach per Corps/Squadron will be allowed in the team box during the relay. If the cadet coach is a member of

their Marksmanship team, they will be able to compete at their Zone Marksmanship Competition but will shoot on a different relay. All teams must have an adult supervisor in attendance. The adult supervisor will be on paid duty.

12. Courses of Fire.

- a. All members of the team will shoot at the same time from within a team box that consists of five (5) lanes, except cadet coaches who are competing. One coach will be permitted in the box at any given time. - b. At the Stage II Zone Competitions, competitors will have 30 minutes per relay in which they will shoot two (2) targets in the prone position. Every competitor will shoot two (2) relays. The shooting position for all relays at the Stage II Zone Competitions will be prone.

13. Scoring. All target scores will be published by zone. The top team from each zone will be selected to advance to the Stage III Provincial Competition. Up to four (4) wildcard teams, as well as up to the top ten (10) individual competitors will be identified from the zone scores of those not already selected to advance to the Stage III Provincial Competition. If a second team from a Corps/Squadron qualifies for stage III, a second coach will be authorized to attend.
